

विज्ञान प्रकाश : ISSN: 1549-523-X is UGC-CARE listed peer-reviewed research journal of Science & Technology. Vigyan Prakash Publishes quality research articles in Hindi in *Sciences* (Physics, Chemistry, Mathematics, Bioscience, Medical Science, Management Science, Agriculture and Environmental Science), *Engineering & Technology*, and promoting ideas for innovation, incubation and entrepreneurship.

Beware of the fake website with Top Level Domain (dot) com, whereas the UGC-CARE listed research Journal विज्ञान प्रकाश has Top Level Domain (dot) in. The Publisher of this journal VIGYAN PRAKASH as its website www.LokVigyanParishad.in. {**Not .com** website. }

Check List:

A. Initial Submission of paper

1. **Read carefully document** on विज्ञान प्रकाश (www.VigyanPrakash.in) by clicking **Submit Paper**
2. Follow the Paper submission **format / Structure**.
3. **References** may be around 10 salient ones with proper cross-referencing within the text.
4. **Table of equivalent terms** in the paper must be given just before the references in ascending order for English terms on the left side.
5. **References** must be in original, NOT transliterated in Devanagari.
6. There must be mention of the **affiliation address and email** address of the authors. The corresponding author should give mobile phone for contact if necessary.
7. Submit the list of **four** expert reviewers **from different institutions** in a separate file. You may also suggest a senior expert out of this list who may possibly act as the Review Coordinator.
8. The research paper and the list of expert reviewers be submitted in **separate .Doc files in single column** using Unicode compliant font like Mangal font.

B. Submission of Revised paper after peer-review.

9. Upon getting the Review comments, incorporate suggestions, and **revise the paper**.
10. Also prepare a **table of comments** by Reviewers and corresponding Authors' Response.
11. Please submit the **Revised Paper along with the Table of comments and your responses**.
12. The Review Coordinator may send to the reviewers to ascertain whether revision made is satisfactory.
13. Review Coordinator may recommend for publication in the VIGYAN PRAKASH.
14. At the time of final submission of the peer-reviewed revised paper, four files are submitted – (i) Revised **Paper**, (ii) **Table** of comments and reply, (iii) **List** of reviewers with address and email, and (iv) **Feedback** by authors (if possible by any reviewers).

Great!! Submit all requisite files to Editor@VigyanPrakash.in

Structure of the paper

Please follow the **format** as given below:

Title (in Hindi and below in English)

Authors' names (in Hindi and below in English))

Authors' Affiliation (in Hindi and below in English)

Emails of Authors

Mobile phone of Authors

Abstract (in English)

Abstract (in Hindi)

Keywords (in English)

Keywords (in Hindi)

Body of the paper in simple Hindi

- Introduction
- Literature survey
- Knowledge gaps that motivate to work on this problem
- Methodology – data analysis with specific mention of Source of Data
- Possible applications
- Conclusion & future research directions

Table of Hindi Terms *used in paper* may have English terms (alphabetically arranged on left) and Equivalent terms in Hindi on right). The table **must not include** the Hindi Equivalent terms transliterated from English terms in Devanagari.

Further **the first use of Hindi equivalent term must have the English Equivalent term within brackets**, not the subsequent ones.

One may search for Hindi equivalent terms on CSTT **technical glossary**

on <http://www.cstt.mhrd.gov.in> OR one may make suitable Hindi equivalent terms.

References

Author, "Title of the referred research paper", *Publication Journal*, Year, Vol, No., pp

Please see the previous issues of VIGYAN PRAKASH on www.VigyanPrakash.in and try to give reference to the papers published in Vigyan Prakash which may be relevant to your paper in References. Similarly your paper will also be referred to by other authors in future that will improve your citation index. References may be **around 10 relevant ones**.

Research paper must NOT be like machine translation. For good technical paper in Hindi use standard numerals, simple sentences, units, abbreviations, equations and formulae as used in Physics, Chemistry, Mathematics, etc. These need not be transliterated in Devanagari. Focus must be on novelty, justifiable truth, utility, and ease in understanding. Submission of paper / article must be in **word (.Doc) file in single column** using **Unicode** compliant font like Mangal font.

Suggest List of willing Expert Reviewers.

Before submission, Please **self-assess** the following parameters in the scale of 1(poor) to 5 (Excellent), and try to improvise. Parameters are: *Organization, Clarity, Length, References, Correctness, Significance, Originality, Literature Survey, Novelty, and Ease in understanding.* Review will focus on **Methodology, Novelty and Ease in comprehension.** Good technical paper may require 2-3 times reading and re-reading. Make sure that all the **co-authors have carefully read** the research paper before submission.

A separate file need to be submitted **in single column** containing the **title of the paper and the author's email** followed by a list of minimum **four willing** expert reviewers with their address, emails and contact numbers who may critically review the paper. The expert reviewers must be **from different institutions** and preferably have PhDs. One of the reviewers may be suggested as the Review Coordinator. However Editorial Board may suggest a modified list of Reviewers for critical review.

Upon Peer-Review Comments

The paper will be sent to reviewers – suggested by the author and some by the editorial board. The review comments may be considered to incorporate and revise the text. The author may **follow up with reviewers for expeditious critical review.**

Review will focus on **Methodology, Novelty and Ease in comprehension.**

After getting about the review comments, it is expected that the author submits a **table** of the Reviewers' comments on the left and the corresponding reply by author on the right. The revised paper will be sent to the reviewers to ensure their comments have been properly incorporated.

Sweeping recommendation by the reviewer without suggestions to improvise the paper will not be considered. Research papers should be **original without plagiarism.**

The improvised **Research Papers / Articles, the list of reviewers** with address and email id, and the **table of comments with your corresponding reply**, and your **feedback comments** may be submitted to Editor@VigyanPrakash.in
